Figure 1 displays a 3x3 grid of plots showing optical aberrations. The columns are labeled 'SPHERICAL ABERRATION', 'ASTIGMATISM', and 'DISTORTION (%)'. The rows are labeled 'y=9 mm', 'y=12 mm', and 'y=15 mm'. The top-left plot also has 'NA 0.6' above it. The top-middle plot has 'y=15' above it and 'S' and 'T' labels on the y-axis. The top-right plot has 'y=15' above it. The bottom-right plot has '(meridional)' and '(sagittal)' labels on the right side. All plots show a central vertical line with horizontal error bars at various points.
